Cerner Consulting Services

Our Cerner trained consultants are experienced in the full suite of Cerner inpatient, ambulatory, clinical and financial applications. We work in all phases of Cerner implementation from application implementation to go-live support. Our clients benefit from the ongoing involvement of our senior management team on every project, a key to ensure your project goals are met on-time and on-budget.

Key Service Offerings

- ✓ Project Management & Strategic Guidance
- ✓ Implementations & Upgrades
- ✓ Build & Configuration
