ViRTELLIGENCE

HEALTHCARE • TECHNOLOGY • CONSULTING

"Virtelligence has provided North Memorial Health Care with a number of Epic project consultants as we have implemented Epic in phases. Virtelligence consultants worked closely with our staff as integral members of our build, workflow, and transition support team. They became highly valued members of our project team and were great to work with."

Director, IT Applications
North Memorial**

Epic Consulting Services

As a Certified Epic Consulting Partner, Virtelligence helps clients make the most out of their HIT investment. Our consultants are experienced in all Epic modules from EpicCare applications to specialty modules. Along with extensive Epic expertise, many of our consultants have held senior leadership positions in healthcare organizations and have been responsible for implementing and supporting the full suite of Epic applications.
